

Paint Branch families,

My name is Jennifer Romagna and I am the mother of Kaylee Romagna, who is a 5th grader at Paint Branch Montessori School. Kaylee started at PBMS at the age of 3.5 years, making this her 7th year at the school.

I believe that choosing the learning institutions that your children will attend is one of the biggest and most important decisions in life that you will make for them. For me, PBMS was the perfect choice for my daughter. She has thrived at Paint Branch, and I know it has a lot to do with the love, dedication and support of the staff. During our almost 7 years at the school, we have endured sniper attacks and, of course, the horrendous fire a few years ago that could have been the end of the school. During the time of the fire, Mrs. Grover and Mrs. Singh worked for hours and hours on end to ensure that the children would not miss any more days of school than absolutely necessary. Due to their dedication and their tremendous love for their jobs, the kids only missed one day of school. That was when I knew we had definitely made the right choice for Kaylee.

The kids at Paint Branch are the top priority of these two magnificent women, as well as the rest of the staff. I feel as if Kaylee is as safe and as taken care of at Paint Branch as she is at home, if not more. I feel saddened that we only have this year and next year until we have to find a new school for Kaylee. I keep asking Mrs. Grover and Mrs. Singh to extend the years taught at Paint Branch so that we can continue on.

Paint Branch Montessori School and staff are truly gifts from heaven. Anyone would be lucky to have any kind of interaction or experiences with them. I fully support the school and would recommend Paint Branch to anyone who is looking for a school for their children.

Thank you,
Jennifer Romagna
