

Sign-up for COVID – 19 Testing at School And Travel Testing Requirement

Dear Parents,

As a special consideration of our Paint Branch Montessori families, we have organized free, weekly COVID -19 testing at School. All students and staff are required to be tested on school grounds on Wednesday mornings.

Below you will find the instructions on how to register for the school testing. Any necessary disclosures and waivers for us have been incorporated into the registration process.

Parents need to register online ahead of time in order to maximize efficiency. Just click on the link below and enter the site code.

To register, you must click on the link at the end of the email. And please select Maryland K12 Schools when asked for payment.

The site-specific **code** you will use is: **MDHPBMS**

PLEASE NOTE Users will only have to register 1 time.

Capital Diagnostics will have all the information we need to conduct surveillance testing without additional paperwork. When completing the registration, the parent must fill out the form as if they are the individual being tested. They **do not enter parent name and birthdate. Only enter the name and birthdate of your child being tested (the student's).** This is a common mistake and very important.

The link that parents of students will use is: <https://capitaldx-patient.limsabc.com/#/>

Travel- Testing Requirement

Please note, that before your child(ren) can return to school after travelling, a negative COVID-19 PCR test result is needed or quarantine for 10 days.

This is a requirement of PBMS to ensure the safety of our school pod. Thank you in advance for your understanding.
